Camp Australia  
After School Care at  
The Peninsula School

Last week was all about the children. Lots of discussions about what we did on the holidays and what 2016 holds for us. We played familiar games with the children which helped our new children settle in and to get to know staff and the other children.

It was a great week to get outside and make the most of this awesome weather and longer hours of sunshine. Over the Top was the top game, and was played over and over again. Nick took the boys for a games of basketball and footy, whilst the girls requested lots of art and craft.

We assembled Green Houses and discovered some interesting facts about mixing liquids during our science activity.

We cooked up pancakes for Shrove Tuesday, chocolate cake, popcorn and jelly.

A reminder to children and parents that hats and sunscreen are a must during first Term 1.

Have a great week!  
Jane and Nick
