GRAMMAR

INTERNATIONAL STUDENT TRANSFER POLICY

SOURCE OF OBLIGATION

Standard 7.1 of the National Code states the School must not knowingly enrol an international student seeking to transfer from another registered provider's course prior to the international student completing the first six months of his or her registered school sector course, except where the following applies:

- The releasing registered provider, or course in which the international student is enrolled, has ceased to be registered;
- The releasing registered provider has had a sanction imposed on its registration by the ESOS agency that prevents the international student from continuing his or her course at that registered provider;
- The releasing registered provider has agreed to the international student's release and recorded the date of effect and reason for release in PRISMS;
- Any government sponsor of the international student considers the change to be in the international student's best interest and provide written support for the change.

PENINSULA GRAMMAR'S POLICY

The School will not enrol an international student seeking to transfer from another registered provider except in circumstances that meet the exceptions under Standard 7.1 of the National Code.

STUDENT TRANSFER REQUESTS

The School will only grant a transfer request after the international student has completed the first six months of their registered course unless an exception in Standard 7.1 applies.

Requests for transfer to another registered provider must:

- Be in writing (can be by email); and
- Provide a valid enrolment offer from another registered provider.

One of the grounds on which the School may agree to an international student's release under Standard 7.1 is if the transfer is in the student's best interests:

- As determined by the School itself after six months; or
- As determined by the government sponsor of the student before six months (refer to Source of Obligation section above).

Circumstances in which a transfer is in the international student's best interests, include but are not limited to where the School has assessed that:

- The international student will be reported because they are unable to achieve satisfactory course progress at the level they are studying, even after engaging with the School's intervention strategy.
- There is evidence of compassionate or compelling circumstances
- The School has, or will, fail to deliver the course as outlined in the written agreement
- There is evidence that the international student's reasonable expectations about their current course not being met
- There is evidence that the international student was misled by the School or an education or migration agent regarding the School or its course and the course is therefore unsuitable to their needs and/or study objectives
- An appeal (internal or external) on another matter results in a decision or recommendation to release the international student.

COMPASSIONATE OR COMPELLING CIRCUMSTANCES

Compassionate or compelling circumstances are generally those beyond the control of the international student and which have an impact upon the international student's course progress or wellbeing. These include, but are not limited to:

- Serious illness or injury, where a medical certificate states that the international student was unable to attend classes
- Bereavement of close family members such as parents or grandparents (where possible a death certificate should be provided)
- Major political upheaval or natural disaster in the home country requiring emergency travel and this has impacted on the international student's studies
- A traumatic experience, which could include: Involvement in, or witnessing of a serious incident; and/or Witnessing or being the victim of a serious crime.
- Where the School was unable to offer a pre-requisite unit and therefore faces a shortage of relevant units for which they are eligible to enrol.

When determining whether compassionate or compelling circumstances exist the School may require the student to provide documentary evidence to support a claim.

INTERNATIONAL STUDENT TRANSFER POLICY

REFUSAL OF TRANSFER

The School will refuse a transfer request where we believe it is reasonable to do so. Reasonable grounds include:

- The international student is not genuinely engaging with a intervention strategy with the intention of failing and being released.
- The student wants to live somewhere else.

When the School intends to refuse a request the School will inform the international student in writing (can be by email) of:

- The reason for refusal; and
- The international student's right to access the School complaints and appeals process, within 20 working days of the decision being made.

TIME TO ASSESS

In accordance with the requirement under Standard 7.2.4 that requires the School to set a reasonable timeframe for assessing international student's request, the School will respond to the international student's transfer request within 10 business days of the international student lodging a written request.

TRANSFER OF AN INTERNATIONAL STUDENT UNDER 18

Standard 7.3 requires that if the international student is under 18 years of age:

- The School must have written confirmation that the international student's parent/guardian supports the transfer
- Where the international student is not being cared for in Australia by a parent or a suitable nominated relative, the receiving provider must confirm it accepts the responsibility for approving the student's accommodation, support and general welfare arrangements in accordance with Standard 5 (Younger overseas students).

The School ensures that we meet these requirements.

It is the responsibility of the receiving provider to ensure that there are no gaps in the international student's welfare arrangements.

GRANTING RELEASE

In accordance with Standard 7.4, if a release is granted by the School, it will be at no cost to the international student and the School will advise the student of the relevant details to contact the Department of Home Affairs to seek advice on whether a new student visa is required.

FINALISING REFUSAL DECISION

Standard 7.6 requires that the School must not finalise the international student's refusal status in PRISMS until any appeal finds in favour of the School, or the international student has chosen not to access the complaints and appeals process within the 20 working day period, or the international student withdraws from the process.

The School will only finalise the international students refusal status in PRISMS when:

- Any appeal finds in favour of the School;
- The international student has chosen not to access the complaints and appeals process within the 20 working day period; or
- The international student withdraws from the process.

AVAILABILITY

This policy is publicly available on our website.

RECORD KEEPING

Standard 7.7 requires the School to maintain records of all requests from international students for a release and the assessment of, and decisions regarding, the request, for two years after the international student ceases to be an accepted student.

The School maintains all records of requests from international students for a student transfer and the assessment of, and decisions regarding, the request will be maintained for two years after the international student ceases to be an accepted student.
